

The Summer Food Service Program

Food that's in when school is out!!

Dear Parents,

The Summer Food Service Program is a FREE summer resource that is available to kids eighteen years old and under. The Summer Food Service Program provides kids the healthy food they enjoy during the school year, even when schools are not in session. All kids need to do is show up— there is no need for ID or income verification.

Our community is interested in starting a Summer Food Service Program site this summer. Please take a moment to complete this quick survey and return it to your child's school. Your responses will help guide our efforts and determine if this resource is one the community will support and use. Your answers are completely anonymous. Only answer questions you are comfortable answering.

(Detach form and return it to your child's school office)
